SeriousWindows 925 Series

SeriousWindows 925 series outperforms everything on the market — more than twice as efficient as rival brands and more than three times more efficient than Energy Star standards. The end result is a beautiful window that delivers the comfort and energy savings you are looking for.

SeriousWindows:

- Up to R-9.1 insulation 3x Energy Star® rating
- 99.5% UV Protection (reduced fading)
- Reduced condensation
- Increased indoor comfort; warmer in the winter and cooler in the summer
- Lower energy bills
- Over 28 years experience in both residential and commercial windows
- Can contribute to LEED credits
- Decrease the size of your HVAC system

SeriousWindows™ 925

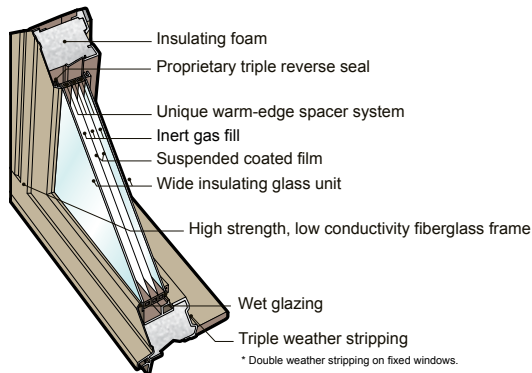

SAVES MORE ENERGY THAN ANY OTHER WINDOW. PERIOD.

Premium Performance Fiberglass Windows

The SeriousWindows 925 Series packages strength and comfort in an environmentally friendly fiberglass frame, combining value with performance and greater durability than other window systems. In addition, these windows resist fading, chipping, cracking, expansion and contraction and are available in a variety of pre-finished colors as well as natural, stainable wood interiors.

Technical Specifications

A unique combination of 9 key technologies including a fully insulated frame, suspended film, and our proprietary EcoSpacer™ system

SeriousWindows 925 Performance Specs:

Styles	SeriousGlass 14				SeriousGlass 9
